# TA GIS magic and Final Workshop

Course Zoom

# This course will be recorded

# Let's pull (optional if you'd like to look at Metro API and Remote Sensing imagery)

First, grab the course material, and "pull" it into your JupyterHub:

- [UP221 Git Puller](#)

(This link will automatically launch JupyterHub and clone the course material into your directory).

Note that you have to do this at the start of every lecture to get the latest material.
